LOAD. LOCK. LAND.

This is the perfect solution for organising and transporting the tools you need for any job. Made from high-impact resistant polypropylene, BUNKER Load-Up offers exceptional durability with IP65 protection, ensuring your valuable tools remain safe from the elements and jobsite dust. The fast and reliable interlocking mechanism ensures your stacked toolbox stays stable, even in challenging conditions. The boxes can be easily locked with a padlock (sold separately) for security. There is also an array of accessories to organise your tools, including a nest bin, organisers, and side rail hooks.

SECURE YOUR TOOLS - ON SITE AND IN YOUR VAN

Protect your tools with heavy-duty secure boxes designed for strong theft protection and efficient storage. Our range includes portable site boxes and in-vehicle storage, which can be stacked to maximise space in your van. Each box is made from rigid steel and features reinforced vehicle fixing points, security enhancements to deter theft, and tough locks tested and certified by Sold Secure. If a box goes missing, there is a discreet built-in holder for an AirTag, allowing you to track its location. With these leading security features, you can work confidently while safeguarding your livelihood.

stie

SOLD SECURE

Sold Secure is a leading testing and certification body in the UK that evaluates the security of locks and related products to help reduce crime. The 'Sold Secure – Tested to Reduce Crime' accreditation indicates that a product has undergone rigorous testing to withstand various methods of attack.

This certification is widely trusted by insurers, police, and security professionals, providing consumers with confidence that the product meets high standards for theft resistance.

SECURED BY DESIGN

Secured by Design (SBD) is the official UK police initiative that promotes crime prevention through design and security standards. It encourages incorporating safety measures and accredits products that meet the 'Police Preferred Specification', ensuring they help reduce crime.

KEEP IT CHILL WITH COOL BOXES

Each cool box features highly insulated walls to ensure ice retention for up to 5 days. They are leakproof, non-toxic, and UV-resistant. Inside, there is a sizable compartment for keeping food and drinks cool. The lid has two heavy-duty interlocking latches for a secure close, and the stainless steel locks can also function as a bottle opener. Additional features include a built-in release valve for easier opening and a recessed plug for draining water.

The no-sweat exterior also keeps the outside dry. These cool boxes also have a strong aluminium handle with a comfortable grip for easy portability, non-slip feet to prevent sliding, and tie-down anchor points for securing it to a boat or trailer.
